Help

This page provides a summary of predominantly League Table related information.

It should be highlighted, that balloting was used prior to the introduction of automatic promotion and relegation in season 1921-22. Clubs finishing in the bottom two or three places in any League, during this period, had to 'retire' from the League then re-apply for admission (re-election).

Post 1921-22 the forced retiral only applied to the lowest tier division.
